USAGE

SPECIAL LOADING ZONE (METER BAG) PERMITS

Spokane Municipal Code (SMC 16A.61.5703) provides for the creation of a special loading zone within a legal parking space by placing an authorized bag over a regular parking meter and are for the expeditious loading and unloading of commodities for a maximum of 30 minutes. When bags are leased or a lease is renewed, the rules of use are provided. These rules will be strictly enforced by the Spokane City Street Department, Parking Enforcement Division. Any violations of the rules may result in removal of the bag from the meter, cancellation of the permit, forfeiture of the bag deposit, and the issuance of citations.

COMMERCIAL LOADING ZONE PERMITS

Commercial Loading Zone Permits are for Commercial Loading Zones only, not Passenger Loading or other zones or in metered stalls. Commercial Loading Zones are for the expeditious loading and unloading of commodities only, for a maximum of 30 minutes. The decal must be displayed in the inside lower left corner of the front windshield on the vehicle for which it was issued. The decal must be permanently affixed to the windshield and those from prior years must be removed. When permits are issued or renewed, the rules of use are provided. These rules will be strictly enforced by the Spokane City Street Department, Parking Enforcement Division. Failure to follow the usage guidelines will result in issuance of citations as appropriate.
