" * " Symbol indicates a shared traffic signal controller that is common to two intersections

Method of entering "Location" data for consistency:

All locations are listed and sorted in strict ascending alphabetical order using "spelled-out street names"
 For example, "Thirty-Seventh" vs. "37th" and "Maple / Second" vs. "Second / Maple"

This document will be updated as further information is developed and formatted for online access.
 The information contained within this document is compiled from various sources and is subject to constant revision. This document is not a legal document and is to be used for informational purposes only.
